## **Riot**

## 2 Chainz

Damn right they got it

Damn right they got itI say lame niggas be quiet

Lame niggas be quiet

Lame niggas be quiet

You in the presence

I say lame niggas be quiet

Lame niggas be quiet

Lame niggas be quiet

You in the real presence I eat your girl up for breakfast

Won't save you no extras

Say she fucking with me

Cause a real nigga is her preference

Drinking like I'm from Texas

And you know I stay flexin

And if you don't know

I go by tity two necklaceDamn right I got it

Damn right I'm bout it

Click full of killers

Please don't get us excited

Yea I'm smoking loud

So lame niggas be quiet

If you fuck with us

We gonna start up a riotI'm a start a riot

I'm a start a riotI ain stunnin dese niggas

I ain stunnin dese bitches

2 cigar rellos

look like extension

Yeah I'm from the south side
her mouth wide
My pack loud
My gat loud I back out
And click clack pow pow
Court dates Still Trial

My rep is a reptile Now later, alligators

Now later, amgators

I step ona work like a step child

Pimp up, hoes down

Make your girl pull her clothes down

Her hair down and I'm down

Her phone off so don't dial

Dis right here is dat no style

I don't know how I do the shit

I'm true to this

True religion

They takin swag with no permission

All year it's Gucci season

Gs on my belt buckle

Cocaine on my left knuckle

Kill your barrel wats left of youDamn right I got it

Damn right I'm bout it

Click full of killers

Please don't get us excited

Yea I'm smokin loud

So lame niggas be quiet

If you fuck with us

We gonna start up a riotI'm a start a riot

I'm a start a riot
