Everything Good

Jensen Sportag

You are oxygen on a late night drive
To clear my head when hope has passed me by
You are gravity when I'm upside down
You help me find my way back to the groundAnd this is whyYou're everything good
Everything true
When all the world is fading
You're everything new
You are my eyes
When I can't see
When all the world is broken
You will always be
Everything goodYou are all I have and all I need
And all I am is what You've made of meAnd this is whyYou're everything good
Everything true
When all the world is fading
You're everything new
You are my eyes
When I can't see
When all the world is broken
You will always be
Everything goodEverything good to me
You're everything that I need
That I needAnd this is whyYou're everything good
Everything true
When all the world is fading
You're everything new
You are my eyes
When I can't see
When all the world is broken
You will always be
You're everything good
Everything true
When all the world is fading
You're everything new
You are my eyes
When I can't see
When all the world is broken
You will always be
Everything good
