

# Boppin' Bitch

## Tyler, The Creator

[Hook] So I met this girl at the club  
And I just wanted her to suck my dick  
And that's because (She's a boppin' bitch)  
Now she's drunk and talkin' to me a lot  
Until we go to another room  
And that's because (She's a boppin' bitch)

[Verse 1] This little slut whore sucks cock for a little more bucks  
Than her mother sucks fuck for, real easy  
Cause I didn't even knock on the front door  
I used the welcome mat as a cum rag  
And all the Wolves fucked her too, yeah she's a cum bag  
Filled with a bunch of shit I purchased at a drug store  
Four more door looking sluts let me explore  
'til my cock got sore and started growing cold sores

[Hook] Now she thinks that I like her  
But all I really wanted was that mouth  
And that's because (She's a boppin' bitch)  
Now she text messages every day

And I don't ever hit that bitch back  
And that's because (She's a boppin' bitch)

[Verse 2] This little hoodrat started jockin at my jock strap  
Until my uncircumcised penis finally unwrapped  
Flapping up and down until the cack finally go splat  
Now you gotta spat, spit it out until you scat  
Then you gotta sat and shit it out, bitch, fuck your feelings  
You wasn't feeling shit when you was down there kneeling  
Now shut the fuck up you got another dick to deal with

[Bridge] Now why can't we fuck with this bitch? (She's boppin')  
Wait, tell him why we can't fuck with this bitch? (That bitch she boppin')  
What is she? She a BB, what does that stand for? (She boppin')  
She, what does she be doin'? (She boppin')

[Outro] Now I'm at a fuckin' clinic  
Cause my dick is swollen' and keeps itchin'  
Nigga, I'mma kill this bitch (She's a boppin' bitch)  
To all my niggas out there listening, that bitch (She's boppin')  
And don't let her suck your dick or you'll get hurt
