

# The Numbing Agent

## Cool Hand Luke

If you're trying to find yourself then  
Keep searching  
This is not you  
You always had to learn the hard way  
And i always point my finger  
But throwing judgement aside  
I just want you to know that i care  
I'm tired from staying up late rehearsing  
The faces that i'll make when the bad news hits my ears  
I don't want to hear that you've given up on everything  
After all the times we said that we'd never change for anything  
After all is said (you know this is not who you are)  
No matter what you do (not where you belong)  
And i'll always love you  
This is not you
