

# A Daisy Chain 4 Satan (Acid and Flowers mix)

## My Life with the Thrill Kill Kult

My friends turn me on  
I live for drugs I get drugs free, I live for drugs  
I get drugs free  
My friends turn me on  
I can't afford, I would never buy drugs  
I get drugs free Here where I will sit alone, lost  
Here I will dream why give me a drink  
I need to think now  
I've got to rid my stinkin' brain Just lately I freaked out very very badly  
Just lately I freaked out on acid [Foreign content] Black boots, highway broads  
Black boots, highway broads  
Black boots, highway broads  
Black boots, highway broads Dope forever, forever loaded  
Dope forever, forever loaded  
Dope forever, forever loaded  
Dope forever, forever loaded If you better need time to sleep  
Forgive my problems before I awake  
And it's time to go out  
So what we can change [Incomprehensible] I get drugs free  
I live for drugs Here where I will sit alone lost  
Here I will dream why, give me a drink  
I need to think now  
I gotta rid my stinkin' brain Of ages nice, how much people promises  
Knocking at the door [Foreign content] My friends turn me  
I can't, I would never buy drugs [Incomprehensible]  
My friends turn me  
I can't, I would never buy drugs [Incomprehensible]  
My friends turn me  
I can't, I would never buy drugs [Incomprehensible] I live for drugs  
I live for drugs  
I live for drugs
