Back to You

Erroll Garner

As my eyes behold the heavens
And the charm of outer space
I take a breath as I absorb
The beauty and the grace
Its magnificence I ponder
But then my thoughts all wander
Back to youThen I look out at the ocean
As the waves crash to the shore
I close my eyes and listen to
The mighty ocean's roar
It's a music so entrancing
But then my thoughts go dancing
Back to you
While the moon that's shining on me
And the stars that gaze upon me
Weave their magic in a panoramic view
Though I'm caught up in the rapture
Even nature cannot capture
A miracle as wonderful as you
So I smile up at the heavens
And the stars smile back at me
It's just their way of saying
You and I are meant to be
Yes, they understand I'm yearning
For the day I'll be returning
Back to you
