

Fool

Bad Things

Taking your time, I don't mind
I'll wait for you to paint your eyes
Just to comfort you every time you get high or low
Everyone knows that I don't wanna feel like this at all
I still let it be, and watch them fools fall away Whoa oh oh oh, I know first of all
And maybe worst of all
I'm a fool whoa baby no
Whoa oh oh oh, things still haven't changed since years before
And I don't want to be here anymore
Not with you, no baby not with you Wasting my time and now I
Try to keep it close and tight
Just to steal those wandering eyes
All I know wherever we go
People always stop to tell me "well you should have known"
So I see that fool fall away Whoa oh oh oh, I know first of all
And maybe worst of all
I'm a fool whoa baby no
Whoa oh oh oh, things still haven't changed since years before
And I don't want to be here anymore
Not with you, oh never with you
