Drunken Hearts

Wallpaper.

â€˜Member what you said to me?
We were fading heavily
On the rooftop stumbling
Weâ€™re our own worst enemies

'Cause my drunken heartâ€™s like an overflowing cup
I got too much love, too much love

We got drunken hearts (eh, eh)
And donâ€™t know how to stop (eh,eh)
'Cause we got drunken hearts (eh, eh)
And donâ€™t know how to stop our drunken hearts

We go out, like, every night
Making out and picking fights
And even though I know itâ€™s bad
Youâ€™re a good problem to have

'Cause my drunken heartâ€™s like an overflowing cup
I got too much love, too much love

We got drunken hearts (eh, eh)
And donâ€™t know how to stop (eh,eh)
'Cause we got drunken hearts (eh, eh)
And donâ€™t know how to stop our drunken hearts
Our drunken hearts, yeah

My drunken heartâ€™s like an overflowing cup
I got too much love and then I spill it
My drunken heartâ€™s like an overflowing cup
I got too much love and then I spill it
Our drunken hearts, theyâ€™re like overflowing cups
We got too much love, too much love

We got drunken hearts (eh, eh)
And donâ€™t know how to stop (eh,eh)
'Cause we got drunken hearts (got drunken hearts)
And donâ€™t know how to stop our drunken hearts (know how to stop)

My drunken heartâ€™s like an overflowing cup

I got too much love and then I spill it
My drunken heartâ€™s like an overflowing cup
I got too much love and then I spill it
Our drunken hearts, theyâ€™re like overflowing cups
We got too much love
