Panik

Panik

She's the hottest whore in town
the dominatrrx of my dreams
i know you think it's cheezy
but she's so in luv with me
she wants to play guitar
and let me suck her blood
she even likes DURAN DURAN
to do it in the mud!
Her name is Panik
she made me panic
She's the straightest girl in town
the one who makes me run
she'll tell me all about her boy
then let me chew her gum
she'll whisper in my ear
when there's just no other way
i'll bing her In the eye
and then she's like "no way"
She's the Joanest Jett around
like to get her in my bed
she doesn't need a crown
so i'll lasso her instead
Her name is Panik
she made me Panic
