

# Incredible

## Gravitonas

Been wondering around  
Dancing in circles  
Remedy was hard to find  
Cast away bent and betrayed  
Don't believe in those words  
Words that were hurtful  
Sorrows you can leave behind  
Look to the sky break the charade You should know  
you should u know  
your so incredible  
the way you are  
just the way you are  
just the way you are  
you should feel  
you should feel  
your so incredible  
just the way you are  
just the way you are  
The glow in your eyes  
shine in the mirror  
something's gonna hold your heart  
cross the road this is your home  
your turning the page you can see clearer  
share the love and play a part  
break to the sky embrace the unknown You should know  
you should know  
your so incredible  
the way you are  
just the way you are  
just the way you are  
you should feel  
you should feel  
your so incredible  
the way you are  
just the way you are When you forgive, when you forget  
when love indulged you

don't regret the changes in atmosphere  
your turning your burning you should know  
you should know  
your so incredible  
the way you are  
just the way you are  
just the way you are  
you should feel you should feel  
your so incredible  
the way you are the way your just the way you are
