

Lights Go Down (feat. Linda Lewis)

Basement Jaxx

When the lights go down
That's when we bust just a little
Bust just a little more
When the lights go down, down
That's when I die just a little
Wanna get high just a little more When the curtain falls
And there's no more applause
When the party's over
And there's no one to hold ya
Look inside yourself and find
Your own light in your mind When the lights go down
That's when we bust just a little
Bust just a little more
When the lights go down
That's when I die just a little
Wanna get high just a little more When the curtain falls
And there's no more applause
When the party's over
And there's no one to hold ya
Look inside yourself and find
Your own light in your mind
