The Jaw Bone

Esham

Yo baby wassup, how ya doin' girl
You're the finest thing I ever seen in the whole world
See ya look so good like a cherry pie
I just had to speak because you caught my eye
You got the big plump booty with the lovely curves
Other niggaz scared to speak 'cuz they ain't got enough nerve
But I'm different and magnificent, the brotha they wanna be
And if you ain't jockin' now, well baby you gonna be
I'm somethin' like a sex feind, kinda your we dream
Turn you inside out and make your pussy steam
I said pussy ain't got no face and I meant every word of it
You betta go ask someone I'm sure that they've heard of it
Enough about me, what's your name?
I kept runnin' game and game and game and game and game
She said, "The same old thing from the same old guys"
(Not me)
Tellin' lies to get between my thighs
I said, "Baby what's up but I'm different though"
She said, "Yeah, I know, I've heard it before"
I said "Yeah I am, I'm tellin' the truth, I'm tellin' it like it is"
She said, "Yeah you might but you might kiss and tell yo biz"
I said, "Look baby it ain't like that 'cuz all I want from you
Is the J A W B O N E"
The jawbone, yup, yeah the jawbone
Do me baby when we get alone
The jawbone, what, yeah the jawbone
Do me baby when we get alone
The jawbone, yup, yeah the jawbone
Do me baby when we get alone
The jawbone, what, yeah the jawbone
Do me baby when we get alone
Well if ya ain't doin' it now
In the future you will do it
And when you're dead and burried
Where ever you go you'll still do it
Suck my dick like a dick is supposed to be sucked
Open up wide and let your tongue get fucked
Suck my dick like a lolly pop
And when I bust a nut you still don't stop

You gotta slip, slip, slurp and slurp, slip, slip
Take a pause to spit and wipe the nut from your lip
You say you can't suck a dick then you's a goddamn lie
You don't need no instructions, and this is why
If you can lick your fingers after lickin' the finger lickin' chicken
You can lick my dick, so start lickin'
It's like suckin' yo thumb, same thang suck my bone
If you can't gimme no jawbone, then you can go home
The jawbone, yup, yeah the jawbone
Do me baby when we get alone
The jawbone, what, yeah the jawbone
Do me baby when we get alone
The jawbone, yup, yeah the jawbone
Do me baby when we get alone
The jawbone, what, yeah the jawbone
Do me baby when we get alone
So baby what's up, what's it gon' be
You and me, the J A W the B O N E
So what's the deal, I said I like the real feel
Although I got protection
I know your mouth won't give me no infection
(All this and that, that this might be true)
(But how do I know it's safe fuckin' around wit you)
(You might gimme somthin', how do I know)
Well baby you can suck it with a condom on ho
I don't give a fuck how you suck it, just suck it
Open your mouth as I commence to fuck it
Baby what's up, just gimme a low blow to the head
Gimme jawbone until your cheeks turn red
I'm almost through so what you gon' do
Put my bone in your mouth and say oh foofoo
Oh I forgot it's not polite to talk with your mouth full
Suck in your face like a fish and let your cheeks pull
There she blow's on my Moby
Gotta dick whip the bitch like Toby
But I can't stay, I gotta be on my way
But I'll be back for jawbone another day
The jawbone, yup, yeah the jawbone
Do me baby when we get alone
The jawbone, what, yeah the jawbone
Do me baby when we get alone
The jawbone, yup, yeah the jawbone
Do me baby when we get alone
The jawbone, what, yeah the jawbone
Do me baby when we get alone
