Bullet Train

Plump DJs

yeah
oh
In my town car
on my way to see you
you live so far
I can hardly reach you
by plane
by train
or by footsteps in the rain
I wish there was a better way
I shoulda took the bullet trainTwo more hours
till I'm at your doorstep
asked the driver,
"so driver are we there yet?"
Hurry up and wait
I've been doing that all day
I wish there was a better way
I shoulda took the bullet trainBut I'm coming to see you, coming to see you
coming, I'm coming right now
I've got something I need to tell you
I drove 1000 miles
just to say it
say it
say it
say it to your face
But it's taken
days to
make it
I shoulda took the bullet trainBullet train yeahe yeahe
Bullet train yeahe yeahe
Bullet train yeahe should took the bullet trainI'm in my taxi
headed back to my town
saw you pass me
where you headed to now?
tell me where, I'll meet you there
just give me a time and place
there's gotta be a better way
I'm gonna take the bullet trainCause I'm coming to see you, coming to see you
coming, I'm coming right now

I've got something I need to tell you
I drove 1000 miles
just to say it
say it
say it
say it to your face
But it's taken
days to
make it
I shoulda took the bullet trainBullet train yeahe yeahe
Bullet train yeahe yeahe
bullet train yeahe should took the bullet trainOpen my mouth
no words came out
waited for this moment and it's happening right nowStill I'm coming to see you, coming to see you
coming, I'm coming right now
I've got something I want to tell you
I drove 1000 miles
just to say it
say it
say it
say it to your face
But it's taken
days to
make it
I shoulda took the bullet trainBullet train yeahe yeahe
Bullet train yeahe yeahe
bullet train yeahe should took the bullet train
