Gun - KDA Remix

CHVRCHES

You had better run from me
With everything you own
'Cause I am gonna come for you
With all that I haveI am gonna break you down
To tiny, tiny parts
I never believed, but I see it now
I'm learning your lesson, I'm learning your lessonDid it make you feel so clever
Did you wear it on your sleeve
Did you see another picture
Where I was not a part so far entwinedThere's no other way, never run far
Take a good swing at me, and everything is even
So finally, we agree, no place for promises here
You better run, you better run soHide, hide, I have burned your bridges
I will be a gun, and it's you I'll come for
I, I, have never felt so easy
I will be a gun, and it's you I'll come forWho are you to tell me how
To keep myself afloat
I tread the water all the while
You stuck in the knife that you held at my backDid it make you feel so clever
Did you wear it on your sleeve
Did you see another lifetime
Where I was not a part so far entwinedThere's no other way, never run far
Take a good swing at me, and everything is even
So finally, we agree, no place for promises here
You better run, you better run soHide, hide, I have burned your bridges
Now I'll be a gun and it's you I'll come for
Hide hide never felt so easy
I will be a gun and it's you I'll come forThere is no other way never run far
Take a good swing at me and everything is even
So finally, we agree no place for promises here
You better run, you better run soHide, hide I, have burned your bridges
I will be a gun and it's you I'll come forHide, hide have never felt so easy
I will be a gun and it's you I'll come for(Oh oh) and it's you I'll come for
(Oh oh) and it's you I'll come for
(Oh oh) and it's you I'll come for
(Oh oh) and it's you I'll come forAnd I'm gonna see that you won't go far (oh oh)
And I'm gonna see that you won't go far (oh oh)
And I'm gonna see that you won't go far (oh oh)
And I'm gonna see that you won't go far (oh oh)
