

# Gun - KDA Remix

## CHVRCHES

You had better run from me  
With everything you own  
'Cause I am gonna come for you  
With all that I have I am gonna break you down  
To tiny, tiny parts  
I never believed, but I see it now  
I'm learning your lesson, I'm learning your lesson Did it make you feel so clever  
Did you wear it on your sleeve  
Did you see another picture  
Where I was not a part so far entwined There's no other way, never run far  
Take a good swing at me, and everything is even  
So finally, we agree, no place for promises here  
You better run, you better run so Hide, hide, I have burned your bridges  
I will be a gun, and it's you I'll come for  
I, I, have never felt so easy  
I will be a gun, and it's you I'll come for Who are you to tell me how  
To keep myself afloat  
I tread the water all the while  
You stuck in the knife that you held at my back Did it make you feel so clever  
Did you wear it on your sleeve  
Did you see another lifetime  
Where I was not a part so far entwined There's no other way, never run far  
Take a good swing at me, and everything is even  
So finally, we agree, no place for promises here  
You better run, you better run so Hide, hide, I have burned your bridges  
Now I'll be a gun and it's you I'll come for  
Hide hide never felt so easy  
I will be a gun and it's you I'll come for There is no other way never run far  
Take a good swing at me and everything is even  
So finally, we agree no place for promises here  
You better run, you better run so Hide, hide I, have burned your bridges  
I will be a gun and it's you I'll come for Hide, hide have never felt so easy  
I will be a gun and it's you I'll come for (Oh oh) and it's you I'll come for  
(Oh oh) and it's you I'll come for  
(Oh oh) and it's you I'll come for  
(Oh oh) and it's you I'll come for And I'm gonna see that you won't go far (oh oh)  
And I'm gonna see that you won't go far (oh oh)  
And I'm gonna see that you won't go far (oh oh)  
And I'm gonna see that you won't go far (oh oh)
