

# More or Less (feat. Dodie Clark)

## Frank Hamilton

What it's like  
You will never know  
Every high and every single low  
And how I've tried my best to let you go  
When we were young we didn't think it through  
You lived for me  
I said I'd die for you  
Now I'm scared my wish is coming true I get flashbacks  
I thought too much  
I'm tied back  
Didn't think enough  
I don't think I'm cut out for this  
I get flashbacks  
I thought too much  
I'm tied back  
Didn't think enough  
I don't think I've allowed this  
Like the more I put in the less I get out  
How it feels I can never say  
Waking up every single day  
And how I've tried my best to run away I get flashbacks  
I thought too much  
I'm tied back  
Didn't think enough  
I don't think I'm cut out for this  
I get flashbacks  
I thought too much  
I'm tied back  
Didn't think enough  
I don't think I've allowed this  
Like the more I put in the less I get out  
Oh-oh  
The first thing in the morning  
The last thing before I sleep  
Having dreams all days and nights and everything in between  
The corners of my mind  
Only place where I can't reach  
(??) through memories (??) I get flashbacks  
I thought too much

I'm tied back  
Didn't think enough  
I don't think I'm cut out for this  
I get flashbacks  
I thought too much  
I'm tied back  
Didn't think enough  
I don't think I've allowed this  
Like the more I put in the less I get out  
The more I put in the less I get out  
It's like the more I put in the less I get out  
The more I put in the less I get out
