

Dream On Hayley

James Morrison

Some people sleep easy, some people dont
I see you keep the light on, stops you feeling so alone
Some people make it better, some make it worse
He thought he held you lightly, yeah, it got you where it hurts
Youre not the one, youre not the one to pay
Dream on, Hayley, dont look down
Theres nothing here for you to see
Dream on, Hayley, youre just about there
Dont give up so easily
Dream on, Hayley, if you dont feel love
Dreaming is the way to go, I know, I know, I know
Some people trust too much, sometimes thats you
Shouldnt be a bad thing, its more than I could do
So much disappointment over the years
Youre willing to love completely but it always ends in tears
Youre not mad, not so mad to me
Dream on, Hayley, dont look down
Theres nothing here for you to see
Dream on, Hayley, youre just about there
Dont give up so easily
Dream on, Hayley, if you dont feel love
Dreaming is the way to go
Dream on, dream on
How can it be wrong?
You gotta keep dreaming on
Dream on Hayley
Dream on Hayley, Hayley
Dream on Hayley, dont look down
Theres nothing here for you to see
Dream on, Hayley, youre just about there
Dont give up so easily
Dream on, Hayley, if you dont feel love
Dreaming is the way to go, way to go
Way to go, way to go, way to go, way to go
