The Deadlights

Go!
I bring the pain you feal inside
The worthless one you've yearned for once denied
I am the one that crushed your pride
You can't control your need to feed form me
Fuck You!
You should never tried to fight me
You should've realized that this is the life you deserve
Time is in the fire in which you burn
Fuck You!
You should've never tried to fight me
You should've realized I'm not the one you should fuck with son
I leave my tracks along your veins I fill your world with sickness, guilt and Pain
I leave the scars that you can't hide
To pave the way for me to take what's mine
Fuck You!
You should've never tried to fight me
You should've realized that this is the life you deserve
Time is in the fire in which you burn
Fuck You!
You Should 've never tried t fight me
You should've realized I'm not the one you should fuck with son
But now you hate me
But you still need me
You're dead inside
