Smile

Silage

Chorus:
As you can see we're filled with joy
Our purpose here is to deploy
These smiles stuck up on our face
Reflect the love we found in grace
Some smiles come and go away
But ours are here, they're here to stay
If you can't keep your corners up
Then come find out what works for usWhen I go home I'm gonna draw
An abstract picture of you all
When I do the faces, I don't want frowns
I want to color you like clownsPickitty up, up, up, ha, ha, ha
Pickitty up, up, up, ha, ha, ha[Repeat Chorus]As you can see we're filled with joy
Our purpose here is to deploy
These smiles stuck up on our face
Reflect the love we found in graceAs you can see we're filled with joy
Our purpose here is to deploy
These smiles stuck up on our face
Reflect the love we found in grace
