

For a While

Frank Sinatra

Lost in day to day, turn another way
With a laugh, a kind hello
Some small talk with those I know
I forget that I'm not over you For a while a wave an easy grin
A smile to put them in
With other lives to listen to
And some work I've got to do I forget that I'm not over you
For a while days go by with no empty feeling
Until I remember you're gone
People say to me, "You need company" When you have some time to spend
Drop around and meet a friend
They forget that I'm not over you
For a while they forget that I'm not over you
