

Painful (Morphium Mix)

Sin

I'm the sex you'd ever want
The sex you'd ever wanna have
And it belongs to you
I'm the sex you'd ever feel
It gives you everything you'd ever need
Working for your self-pleasure
But sometimes it's painful
I'm the one you'd ever dream
Since you were a little girl
Now I bring you to lust
It's the thing you'd ever dream
