

# I Wanna Be With You

## YYZ

I can't stand the heat when you're next to me  
No one said that this is how it would feel  
Try hard as I might I can't leave you be

So baby tell me is this love or a fantasy? I wanna be with you and I think you feel it too  
I wanna be with you (all night, all night)

'Cause when I'm not with you, I think about what we could do  
Just get me alone with you (it's alright, alright) Ay-ay-oh-oh-oh-oh  
Are we really going to dance tonight? (all night all night)  
Ay-ay-oh-oh-oh-oh

Are we really going to dance tonight (alright alright) I can't stand the cold when you're not with me  
I watch you run round town with any little girl you please

They all say you're trouble but I disagree  
I think danger just adds to your mystery... I wanna be with you and I think you feel it too  
I wanna be with you (all night, all night)

'Cause when I'm not with you, I think about what we could do  
Just get me alone with you (it's alright, alright) Ay-ay-oh-oh-oh-oh  
Are we really going to dance tonight? (all night all night)  
Ay-ay-oh-oh-oh-oh

Are we really going to dance tonight (alright alright) Eyes are watching  
Know they're talking  
But your body's calling me now  
Eyes are watching  
Know they're talking

But your body's calling me now, me now I wanna be with you and I think you feel it too  
I wanna be with you (all night, all night)  
'Cause when I'm not with you, I think about what we could do  
Just get me alone with you (it's alright, alright) Ay-ay-oh-oh-oh-oh  
Are we really going to dance tonight? (all night all night)  
Ay-ay-oh-oh-oh-oh

Are we really going to dance tonight (alright alright) Walk in through the door  
Take it to the floor  
You always make me feel alright (alright)  
It's you that I adore  
Take it to the floor  
You always make feel alright (alright) Ay-ay-oh-oh-oh-oh-oh  
Are we really going to dance tonight? (all night all night)  
Ay-ay-oh-oh-oh-oh-oh  
Are we really going to dance tonight (alright alright)
