Love Me Anyway

Parachute

Ain't it funny how we hide ourselves
We disguise ourselves
From the ones we love
Ain't it funny how we build up walls
Just to keep them out
From the things we've doneAnd I know I shouldn't
You see right through it
You're looking for the real thing and
There's nothing I can doI know you're gonna
I know you're gonna
I know you're gonna love me anyway
I know you're gonna
I know you're gonna
I know you're gonna love me anyway
Yeah, I can feel you there when I'm all alone but
Baby tell me will you want me still when you see it all 'cause
I know you're gonna
I know you're gonna
I know you're gonna love me anywayWe go through looking through the darkest nights
For the chemicals
That can save our souls
We go chasing after every high
Or the cheapest ride
Just to free our mindsAnd I know I shouldn't
You see right through it
You're looking for the real thing
There's nothing I can doI know you're gonna
I know you're gonna
I know you're gonna love me anyway
I know you're gonna
I know you're gonna
I know you're gonna love me anyway
Yeah, I can feel you there when I'm all alone but
Baby tell me will you want me still when you see it all 'cause
I know you're gonna
I know you're gonna
I know you're gonna love me anywayI know that I'm helpless
Can it be said I'm selfish
But you love me anyway

I run from any feeling
Never say the right thing
But you love me anyway
Scared to show the real side
Caught up in my own pride
But you love me anyway
I might never show it
But I know that I'm broken
And you love me anywayI know you're gonna
I know you're gonna
I know you're gonna love me anywayI know you're gonna
I know you're gonna
I know you're gonna love me anyway
I know you're gonna
I know you're gonna
I know you're gonna love me anyway
Yeah, I can feel you there when I'm all alone but
Baby tell me will you want me still when you see it all 'cause
I know you're gonna
I know you're gonna
I know you're gonna love me anyway
