

Can't We Be Sweethearts

The Cleftones

Can't we be sweethearts? Why don't we fall in love?
Right from the start, you're the girl I'm dreamin' of
Oh, can't you see you're the one and only girl for me?
Please by my sweetheart, don't you know the way I feel?
Don't play the part, please make my dreams come real
Oh, don't you know, don't you know I really love you so?
We'd walk hand in hand in our wonderland
The world would be our own
I'll make love to you, love and kisses too
You'd be mine alone

Can't we be sweethearts? Why don't we fall in love?
Right from the start, you're the girl I'm dreamin' of
Oh, can't you see you're the one and only girl for me?
We'd walk hand in hand in our wonderland
The world would be our own
I'll make love to you, love and kisses too
You'd be mine alone

Can't we be sweethearts? Don't you know the way I feel?
Don't break my heart, please make my dreams all real
Oh, don't you know, don't you know I really love you so?
