My Wilderness

Liv Kristine

We were taught to fight
A wild river pulses in my blood
And the air is soft against my skin
I'm alone at night
And I feel the earth flowing
Like a hole inside me
There's a river in my bodyI feel the circle of all my deeds
I feel the fire in my intentions
I hear my voice
It's finding me
From earth to body
My wilderness
Wash away all trade
The clear water purifies my soul
And the air is soft against my skin
Standing face to face
With the fears on earth rising
Like a wave in my body
There's a tempest inside meI feel the circle of all my deeds
I feel the fire in my intentions
I hear my voice
It's finding me
From earth to body
My wildernessMy wilderness I need powers
I heed my enemies
I see the circle of you and me
I feel the fire in my intentions
I hear my voice
It's finding me
From earth to body
My wildernessA sea of silence
It's closing in
On me on fire
On my intentions
I hear my voice
It's taking me
From earth to heaven
My wilderness
