

# Hypnos 164

## Cathedral

Paralyzed sunset, blind eyes to the dawn  
Form magic wings, drift through black skies  
Crystal voyager eternal in peace  
Sends dreams to humans, laid to rest in weary sleep  
Superior life form with velvet textured tongue  
Licks my conscience, feel the anger and pain  
Pleasure drips forth from lovely blue eyes  
Ride upon lakes of external animal love  
Sleeping wisdom, eternal night  
Hypnos kingdom, darkness shining bright  
Beautiful dreamer, beast of daylight  
Twilight magician gave you astral sight  
Bright red carpet beyond the haunting eye  
Open the third one fly summer child  
Templar cadaver, sons long after will  
Roll a monster boulder up the eternal hill  
Transformation, perplexed delight  
The man becomes a lion with seething might  
Cleansing, dream god, has put wrong to right  
Elegant creature eats the human race!  
Tortured spirits of the animal kingdom  
Haunt evil man in premonition  
Gracious children of earthly devotion  
Hibernate in hypnos salvation  
Saviors dream  
Caverns of your mind explode  
The marble staircase now unfolds  
Come inside a better life  
Where animals rule the roost  
Awake to the question  
Nature bleeds in the hands of human  
Must the only good one be a dead one?
