

# She's Thunderstorms

## Arctic Monkeys

She's thunderstorms  
Lying on her front  
Up against the wall  
She's thunderstormsI've been feeling foolish  
You should try it  
She came and substituted  
The peace and quietFor acrobatic blood  
Flow concertina  
Cheating heartbeat  
Rapid fireShe's thunderstorms  
Lying on her front  
Up against the wall  
She's thunderstormsHere is your host  
Sounds as if she's pretty close  
When the heat starts growing horns  
She's thunderstormsShe's been loop-the-looping  
Around my mind  
Her motorcycle boots  
Give me this kindOf acrobatic blood  
Concertina  
Cheating heartbeat  
Rapid fireShe's thunderstorms  
Lying on her front  
Up against the wall  
She's thunderstormsIn an unusual place  
When you're feeling far away  
She does what the night does to the dayShe's thunderstorms  
Lying on her front  
Up against the wall  
She's thunderstorms  
Thunderstorms, thunderstorms
