

Demoniality (Instrumental)

Arch Enemy

Behold the apocalypse
The end is closing in
Did you ever really doubt
That we would pay for our sins The heavens will burn
No one can save us now
Everything we once loved
Shall perish in flames Armageddon coming on
A black dawn slowly rising
The heat will slowly consume you
Like a moth around a flame Out of this silent planet
A single sign of life appears
A man made machine
Carrying an embryo of human life
