

My Redneck Of The Woods

Joe Diffie

Big coals, corn rows, barbed wires, bows and hides, dirt roads
Tractors, trucks and overalls
Copper heads, grig beds, pickup a rock and find an arrowhead
A rope swing hangin' by a waterfall
And morning new, howdy moon, I thank God for

My redneck of the woods
A blue collar flag flyin' neighborhood
It's love grown, down home, life is good in
My redneck of the woods

Tailgates, a hot date, a bonfire burnin' on the riverbank
Copenhagen, coolers, and mason jars
Old song, sing along, neckle through the hills and hollars all night long
Good old boys pickin' at 'em old guitars
A wild bunch, clean front, I don't go far from

My redneck of the woods
A blue collar flag flyin' neighborhood
It's love grown, down home, life is good in
My redneck of the woods

If I die in my sleep they better bury me in

And my redneck of the woods
My blue collar flag flyin' neighborhood
It's love grown, down home, life is good in
My redneck of the woods
My redneck of the woods
My redneck of the woods
