

# Crash

## RHODES

Let me hide in my dreams which,  
cruell like, gives us still so.  
Take me away, Let me live a life  
Silent nights, Operation  
let there be, no devision  
So, take me away, leave me higher than rain  
But I crash, when the light hits  
Crash, like a cold wind  
How far must I fall  
OohEvery day it's the same thing: I go trough the pain as I wake up without you  
So take me away, let me dream awide  
But i crash when the light hits  
Crash like a comete  
How far must I fall?  
Ooh If I ever loved you, if I ever loved you, fall down  
If I ever loved you, if I ever loved you, fall down  
All i've known burned down  
Every word burned down  
But I crash when the light hits, crash like a comete  
Ooh If I ever loved you, if I ever loved you, fall down  
If I ever loved you, if I ever loved you, fall down
