## NOFX

Heroin has stigma like meth and crack cocaine  
Drug users aren't all losers, they can't all be insane  
But sanity is not a trait of extraordinary man  
Sometimes it's drugs not necessity that's the mother of invention Ben Franklin smoked opium when he held that  
lightning rod  
So did queen Victoria and the marquis de sade  
Sigmund Freud did his best work on coca medicine  
So did grover Cleveland and Thomas Edison Would Einstein have split the atom?  
Would Carl Sagan have pondered space?  
When the smartest people are doin' drugs it makes the world a much better place Steve jobs and bill gates took  
acid and changed technology  
The Beatles' trips led to Lucy, Rita, and Elanor Rigby  
And all the absynth that van goh drank made made a much starier night  
Without drugs would munch's scream have really been such a fight? (that's not so scary)  
Would bonds have hit those hundreds of homers?  
Would lance have ever won in France?  
When a record's breaking, an athlete's takin'  
A drug to keep performance enhanced So you guys are trying to tell me that if i take drugs i'm gonna be smarter?  
We're not saying it's gonna make you smarter, but it might make you more interesting Aaron Sorkin wrote his  
best while he was smokin' crack  
Amphetamines were the favorite means of ayn rand and kerouac  
Charlie dickens told the tale on opiates we know  
So did burrows, Huxley, Oscar Wilde, and Edgar Allen Poe If everyone was sober, could you call this country  
free?  
Would we maintain our ethics and ingenuity?  
Progressive thought doesn't happen a lot in a dry society  
When everyone is doin' some it makes the world a better place to be  
So smoke a joint, or snort a line, or drop some lsd  
Use a bong, a glass pipe, or go strait to an i.v.  
It's a simple case of better living in modern chemistry  
When everybody is doin' drugs it makes the world a better place to be  
When everybody is doin' drugs it makes the world a better place to be So quit na, and screw aa, and fuck sobriety  
When everybody is doin' drugs it makes the world a better place to be
