

Pain

P. Diddy

On the TV or in the news
On the front page you can choose
You know someone, someone strong
You know someone doing something wrongPain
PainIt's reflecting in the mud
Are there circles in your blood?
Even warm days have the rain
But that fast horse has a slippery manePain, you know it isn't easy
Pain, when all your friends are sleazyWhen no one around would come down
Arms only enough to reach downPain
(You know it isn't easy)
Pain
(When all your friends are sleazy)
Pain
(You know it isn't easy)
Pain
(You know it isn't easy)
