

# Power

Kat Graham

I used to be a flower on the wall in the back row  
Never was a homecoming queen just a shadow  
Now I got a crown cause you gave it to me  
Cleopatra strong, yeah you found it in me  
Throwing all the pages of the past out the window  
When you tell me that Im beautiful, I feel it, I breathe it, believe it  
Got me feeling indestructable, I love it, I scream it  
With you, Im a queen upon my throne  
With you, I build a kingdom out of stone  
You fill me up, you fill me up  
Ive got that power, power, power with you here  
Ive got that power, power, power with you here  
Its so electric, baby, what you do to me  
Ive got that power, power, power with you here  
You tell me that you love me in the fog on the mirror  
You like me with no makeup on so you can see me clearer  
Now I got a crown cause you gave it to me  
Cleopatra strong, yeah you found it in me  
Everything I ever dreamed about, got it right here  
With you, Im a queen upon my throne  
With you, built a kingdom out of stone  
You fill me up, you fill me up  
Ive got that power, power, power with you here  
Ive got that power, power, power with you here  
Its so electric, baby, what you do to me  
Ive got that power, power, power with you here  
When you tell me that Im beautiful, I feel it, I breathe it, believe it  
Got me feeling indestructable, I love it, I scream it  
I love it, I scream it  
With you, Im a queen upon my throne  
With you, built a kingdom out of stone  
You fill me up, you fill me up  
Ive got that power, power, power with you here  
Ive got that power, power, power with you here  
Its so electric, baby, what you do to me  
Ive got that power, power, power with you here  
Ive got that power, power, power with you here
