

Threshold to Senility (Live 1990)

Agathocles

You are struggling with intense revolt
A thoughtless mind, but not too bold
I wonder where you left yer pride
To play yer music fuckin' loud You were just a fashion pig
On threshold to senility You turned into a different state
The silly dick you used to hate
You're dressed up nice & cut yer hair
You even have perfumed underwear You were just a fashion pig
On threshold to senility
