

# Hard to Love

## Old Crow Medicine Show

[Chorus:]

Well, it's hard to love and not be loved  
It's hard to please your mind  
When you've broken the heart of many a poor boy  
But you'll never break this heart of mine

Can't you see that lonesome ship that sails  
That sails from shore to shore  
If I was on that lonesome ship  
I'd sail away no more

[Chorus]

Well I wish I was a pretty little bird  
I wish I was a pretty little bee  
I wish I was so far away  
No more you'd see of me

[Chorus]

The blackest crow that ever flew  
Will never turn to white  
If you will prove your love to me  
I'd turn my day to night

[Chorus]

Oh Lord  
No you'll never break this heart of mine
