

Tres Delinquentes

Delinquent Habits

I flex my brasos hardcore down for the clicka
Who's that emanating funk through the speaka
Bass gets to thumping ruckus get to pumping
Who's that rocking got the party start jumpingBlasting through hah, no need for the boy
Right hammer with the one knuckle eye-shot through ya
Step to the crowd I feel the strain'
Throw chingasos in the moshpit feel the painSo, don't get in my way, baby
Because the huero loco came in here to play, baby
My shit will pump up this jam hot damn it's the baddest
Tres Delinquentes step into the madness(Horns)
Get funky, get funky, get funky
(Horns)
Get funky, get funky, get funkyQue ondas muchacho hay vienes te miro
Si me traes bronca me enloco de a tiro
Me paro te tumbo no es tu rumbo
Y con el lingo tal vez te confundoOh shit, it's the attack of the five foot ten
The Blexican once again with the cocked hair pin
As I emerge from the depths of the realm my son
I got the black gat fat track coke and rumOtra vez ya lo vez and the crew somos tres
One blexican on the squad you don't test
Hittin' hard like an Aztec swift like a Zulu
That's what it's like with a palm shot through youMy mannerism mild still the punks get piled
My number one assassin flips the mad funk styles
Me I play the back role but I'm delinquente
This is how I freak it when I'm speaking to the gentle(Horns)
Get funky, get funky, get funky
(Horns)
Get funky, get funky, get funkyWhatcha trucha calmate escucha
Somos Delinquentes tu no quieres lucha
But we freak it this way sigo siendo rey
O.G. freaks the beat the mariachis playFade it in with snare from ASR-10
Producer mas mejor it's O.G. style again
Freak it bump it bass out the carro
O.G. he's got more boom boom than charroThird of tres brings cuts to your face bro
Hold down the needle with a penny or a peso
See all our style used to create
With one turntable and a broken 808(Horns)
Get funky, get funky, get funky
(Horns)

Get funky, get funky, get funky
