

# R.I.P.

## Get Scared

[Intro]

Get up[Verse 1]

Gone again in the undertow

Left to lie with hate

We won't let go, let go

Faced again with a taste f it

Still I'll never change

We won't let go, let go[Pre-Chorus 1]

Understand I'm losing faith

Reminding self there are no saints

Comprehend I'm through with running[Chorus]

And I can't stop my long for belief

On and on and on and on

It goes on, and on, and on

And now I feel so lost and deceived

On and on and on and on

How will we rest in peace[Verse 2]

Fuck the sins that we fear to live in the end

We won't ever follow, follow

Stand against preach the same old shit

You're afraid to live

We won't follow, follow[Pre-Chorus 2]

Understand I bow to nothing

Reminding self of pain and trusting

Comprehend I'm through with running[Chorus]

And I can't stop my long for belief

On and on and on and on

It goes on, and on, and on

And now I feel so lost and deceived

On and on and on and on

How will we rest in peace[Bridge]

I can't buy into just a prophet dressed like a poet

And if you talk to God, I'm sure that he'll tell you he know

I can't buy into just a prophet dressed like a poet

And if you talk to God, I'm sure that he'll tell you he know

Sure that he'll tell you he knows

(I can't buy into just a prophet dressed like a poet

And if you talk to God, I'm sure that he'll tell you he know)[Chorus]

And I can't stop my long for belief

On and on and on and on  
It goes on, and on, and on  
And now I feel so lost and deceived  
On and on and on and on  
How will we rest in peace
