

# End of Days

Vinnie Paz

The greatest form of control is when you think you're free  
But you're being fundamentally manipulated and dictated to  
One form of dictatorship is being in a prison cell and you can see the bars and touch them  
The other one is sitting in a prison cell but you can't see the bars but you think you're free

What the human race is suffering from is mass hypnosis  
We are being hypnotized by people like this newsreaders  
Politicians  
Teachers

Lecturers  
We are in a country and in a world that is being run by unbelievably sick people  
The chasm between what we're told is going on and what is really going on is absolutely enormous.

It's like we all know it's going down  
But no one's saying shit

What happened to the home of the brave?  
These motherfuckers they controlling us now  
But no one is talkin' about

It made us modern day slaves

And everybody's just walking around

Head in the clouds

We won't awake until we're dead in the grave

By then it's too late

We need to be ready to raise up

Welcome to the end of days!  
Everybody is slave

Only some are aware

That the government releasing poison in the air

That's the reason I collect so many guns in my lair  
I ain't never caught slipping  
never underprepared

Yeah, they? on me, they? proudly

George Bush the grandson of Aleister Crowley

They want you to believe the lie that the enemy Saudi

The enemy ain't Saudi

The enemy around me

There's fluoride in the water but nobody know that

It's also a prominent ingredient in Prozac

For real?

How could any government bestow that?

A proud people who believe in political throwback

That's not all that I'm here to present you

I know about the black pope in Solomon's Temple

Yeah

About the Vatican assassins and how they will get you

And how they cloned Barack Hussein Obama in a test tube  
It's like we all know it's going down

But no one's saying shit  
What happened to the home of the brave?  
These motherfuckers they controlling us now  
But no one is talkin' about  
It made us modern day slaves  
And everybody's just walking around  
Head in the clouds  
We won't awake until we're dead in the grave  
By then it's too late  
We need to be ready to raise up  
Welcome to the end of days!Whoever built the pyramids had knowledge of electrical power  
And you know that that's the information that they suppress and devour  
Who you think the motherfuckers that crashed in the tower?  
Who you think that made it turn into ash in an hour?  
The same ones that invaded Jerome  
The ones that never told you about the skeletons on the moon  
Yeah  
The ones that poison all the food you consume  
The ones that never told you about Mount Vesuvius Tomb  
The Bird Flu is a lie  
The Swine Flu is a lie  
Why would that even come as a surprise?  
Yeah  
The Polio vaccine made you die  
It caused cancer and it cost a lot of people their lives  
Do y'all know about Bohemian Grove?  
How the world leader sacrificing children in robes?

These motherfuckers they controlling us now  
But no one is talkin' about  
It made us modern day slaves  
And everybody's just walking around  
Head in the clouds  
We won't awake until we're dead in the grave  
By then it's too late  
We need to be ready to raise up  
Welcome to the end of days!The greatest hypnotist on the planet Earth is an oblong box in the corner in the room  
It is constantly telling us what to believe is real  
If you can persuade people that what they see with their eyes is what there is to see you've got them  
Because they'll laugh in your face of an explanation then which portrays the big picture of what's happening  
And they have!
