

Scorpions and Mudpies

Shamra

 tied up my sheets
And threw them out the window
 We met in the street
And hid by the Camino
 You nodded at me
 A silent innuendo
We pressed our soles together
That night in the gazebo
 My Chuck Taylor's
 Got mirrors
 In lieu of patch
So I can see a real star
 Out here where
 We're peerless
I feel moved every time you say that...
 We'll have the best of both worlds
 Theirs and ours
 If we're back in our rooms
 Before dawn
They think I'm running away
But, they don't know nothing
 See what they don't get
Is I'm running towards something
 My Chuck Taylor's
 Got mirrors
 In lieu of patch
So I can see a real star
 Out here where
 We're peerless
I feel moved every time you say that...
 We'll have the best of both worlds
 Theirs and ours
 If we're back in our rooms
 Before dawn
