

Young Blood

The Beatles

saw her standing on the corner (Yip yip boom)
A yellow ribbon in her hair (Yip yip boom)
I couldn't stop myself from calling
Well look a-there, look a-there
Wow look a-there, well look a-there
Young blood, young blood, young blood
I can't get you out of my mind

I took one look and I was fractured (Yip yip boom)
I tried to walk but I was lame (Yip yip boom)
I tried to talk but I just stuttered
Well what's your name, what's your name
Well what's your name, well what's your name
Young blood, ah young blood, young blood
I can't get you out of my mind

A crazy stop, she was the top
I tried to follow her all the way home
Things went bad, I met her dad
He said, "You'd better leave my daughter alone"
Ow!

Well I tried to speak but I just stuttered (Yip yip boom)
I saw the rising of the sun (Yip yip boom)
And all along my heart was falling
While you're the one, you're the one
While you're the one, ah you're the one
Young blood, oh young blood, yeah young blood
I can't get you out of my mind
Yeah young blood, oh young blood, yeah young blood
I can't get you out of my mind.
