

# Too Many Miracles

## Badly Drawn Boy

Miracle rain makes snowballs falling slowing out of the sky  
All you people wandering by  
Make sure you don't get one in the eye  
There's a new world forming out of the way  
Future love that's born every day  
Too many miracles happening here  
It's the same old story, different year  
Oh I'm glad you are here  
Been this way since the day i was born  
I'm ready to be in love again  
I know we could be in love  
Photographing snowflakes lately I'm slowly losing my mind  
There's so many different kinds  
Falling all the time  
There's a rainbow forming without any rain  
A new dimension again

There's too many miracles happening here  
It's the same old story, different year  
Oh I'm glad you are here  
Been this way since the day you were born  
The age of romance is dead and gone  
Maybe a chance I'm wrong  
People falling out of love I don't know whose side you were on  
Got to call these people along  
And tell them where they've been going wrong  
There's no shame in changing and being alone  
Just pull yourself one for the road  
Hasn't it been a strange old year  
Well too many miracles happening here  
I'm so glad you are here  
Been this way since the day we were born  
Are you ready to be in love again  
I'm ready to be in love
