

Two Guns to the Temple

Finch

Black and broken
Dirty mirror
Hands I've shaken
Blessed with fever
Back and forth against the wall
With second sight to see it all
Moving slowly
Until she breaks apart the animal[Chorus] x2
She prays her voices stop
Remove the cavityA fragile hero
Makes a villain
Where'd your mind go?
A simple serum
Back and forth against the wall
With second sight to watch the fall
Mele[Chorus] x2[Bridge] x2
She plays around
We've lost you now[Chorus] x2Stop
