

You and Me Song

The Wannadies

Always will we find
I tried to make you love
'Til every thing's forgotten
I know you hate that Bop badada, bop bop bop bop
Bop badada, bop bop bop bop Always will we fight
Kiss you once or twice
And every thing's forgotten
I know you hate that I love your Sunday song
The week's not yet begun
And everything is quiet
And it's always You and me, always and forever
You and me, always and forever
Bop bop bop bop bop
It was always you and me, always You tell me I'm a real man
I try to look impressed
Not very convincing
But you know I love it I know we watch TV
'Til we fall asleep
Not very exciting
But it's you and me And we'll always be together
You and me, always and forever
Bop bop bop bop bop
It was always you and me, always and forever
You and me, always and forever Bop bop bop bop bop
It was always you and me, always and forever
You and me, always and forever
Bop bop bop bop bop
