

Love Is the Law

Toyah

(Words Willcox / Music Bogen/Darlow/Spalding)

Love is an ocean

Love is a flame

Love is cruel

Love is vain

Love is the law

>From the lion's mane

Love is the law

To the tiger's claw

Love is the law

Love is the law...

So wrap your arms around me

Hold me warm and tight

This fatal fascination

Will make us orphans of the night

Love is the law

>From the lion's mane

Love is the law

To the tiger's claw

Love is the law

Love is the law...

Love is for fools

Love is for insane

Love is brutal

Love is a plague

It's fatal

It's fatal

Love is the law

Love is the law...
