New Kid

Finch

I'm on my way back home
I lost my way, I've gone astray
I'm on way back home
They'll let me in from the cold
'Cause I'm the new kid, like everybody
'Cause everybody lives again
I'm in my new skin, safe in knowing
One day we will meet again
Sheltered here in my wings
And I won't forget you're everything
In your heart is where I live
That's alright, you are alive

'Cause I'm the new kid, like everybody
'Cause everybody lives again
I'm in my new skin, safe in knowing
That one day we will meet again
Said, "I'm alright"
And now said, "I'm alright"
'Cause I'm the new kid, like everybody
'Cause everybody lives again
I'm in my new skin, safe in knowing
That one day we will meet again
