

The Willys

Sparks

It started on a Tuesday
It must have been that lunch meat
I haven't been intimate
And anyway, I'm carefulWe know what you got, boy
We know what you got, boy
We know what you got, boyThey call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the placeHas everyone gone Christian?
Well, glory, hallelujah
But I'm beyond salvation
I haven't got a prayerThe Willy's do this to ya
The Willy's do this to ya
The Willy's do this to ya, to yaThey call it the Willys
They call it the Willys
It's hard to explain
Like Citizen Kane
To someone who's blindThey call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the place, Willy nowWe know what you got, boy
We know what you got, boy
We know what you got, boyPhysically, physically, I'm splendid
Mentally, mentally, I'm splendid
Morally, morally he is lax
And maybe that's the problemWe know what you got, boy
We know what you got, boy
We know what you got, boy, what you gotThey call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the placeThey call it the Willys
They call it the Willys
They call it the WillysThe Willys do this to you
The Willys do this to you
The Willys do this to you, to youWe know what you got, boy
We know what you got

We know what you got, boy, what you got
What you got, what you got They call it the Willys
They call it the Willys
You shiver and shake
You're doin' Swan Lake
All over the place They call it the Willys
They call it the Willys
I'm speaking Chinese
I'm swinging from trees
I'm wearing your gowns La, la, la, Willys, Willys
Willys, Willys, the Willys
The Willys, the Willys, the Willys We know what you got, boy, we know what you got
We know what you got, boy, what you got
(The Willys do this to ya, the Willys do this to ya)(The Willys do this to ya, to ya)
We know what you got, boy, we know what you got
(The Willys do this to ya, the Willys do this to ya) We know what you got, boy, we know what you got
(The Willys do this to ya, the Willys do this to ya, to ya)
We know what you got, boy, what you got
(The Willys do this to ya, the Willys do this to ya, to ya)
(The Willys do this to ya, the Willys do this to ya, to ya)
(The Willys do this to ya, the Willys do this to ya, to ya)
