

# Closer Than This

## Princess One Point Five

We're out of our league  
And I'm out of my mind  
I'm breathing you in my breeze of the ocean and the rain  
Every inch of me, is aching for this Nothing of me will live on  
(When I'm) Nothing of us will live on  
(When I'm) Nothing of this will exist when I'm gone  
It's not wonder I'm frightened of closing my eyes  
Such a shame  
Could've been closer All will be forgotten in time  
Forgiven, forgotten  
Forgotten, just like me Nothing of me will live on  
(When I'm) nothing of us will live on  
(When I'm) Nothing of this will exist when I'm gone  
It's no wonder I'm frightened of saying goodbye  
Such a shame  
Could've been kinder
