

Good Kinda Bad

Canaan Smith

Cross around your neck but the way that you're dancin'
 Girl, its flirtin' with the dirty side
 Bet that cotton dress is hidin' a tattoo
 That you're wantin' somebody to find
 Bought you a shot of whiskey
 I thought you'd be sippin' it
When I turned around you'd already finished it, finished it

You're the good, you're the good
 You're the good kinda bad
 You're the best shot of trouble I ever had
 Got a mile wide wild side, a beautiful crazy
 Wherever you wanna take me
 I'm in for a ride on the dangerous side
 I'm ready for the devil in that angel smile
 I can see you being the fix I gotta have
 'cause girl, you're the good kinda bad

Keep every boy in town wrapped around your finger
 But there ain't no diamond ring
 You kind of like the thought of forever
 But you love that freedom thing
 Strap fallin' off your shoulder
 Love the way you just leave it there
 I move in just a little closer
 Think I'll take that dare

You're the good, you're the good
 You're the good kinda bad
 You're the best shot of trouble I ever had
 Got a mile wide wild side, a beautiful crazy
 Wherever you wanna take me
 I'm in for a ride on the dangerous side
 I'm ready for the devil in that angel smile
 I can see you being the fix I gotta have
 'cause girl, you're the good kinda bad

You're a little lemonade and a lotta Jack Daniels
 I want all I can handle

You're the good, you're the good
You're the good kinda bad
You're the best shot of trouble I ever had
Got a mile wide wild side, a beautiful crazy
Wherever you wanna take me
I'm in for a ride on the dangerous side
I'm ready for the devil in that angel smile
I can see you being the fix I gotta have
'cause girl, you're the good kinda bad

You're the good, you're the good kinda bad
You're the good, you're the good kinda bad
You're the good, you're the good kinda bad
The good kinda bad
You're the good, you're the good kinda bad
You're the good, you're the good kinda bad
