

Virgin Blood Spiller

Barathrum

red is the colour of virgin blood so pure
for this mind's fire there's only one sure cure
 thirst for maid's liquid of life
 can be stopped by following act
 take your sharpest dagger or knife
 open her veins to drink her blood
 take your sharpest dagger or knife
open her veins to drink her blood to help your thirst;
 virgin will be slain
 spill her blood
make her suffer slay, stab, impale and kill
 execute your deepest will
 slay, stab, impale and kill
kill, kill, kill, kill virgin blood spiller
 the most evil sinner
 virgin blood spiller
slayer by my own nature slay, stab, impale and kill
 execute your deepest will
 slay, stab, impale and kill
kill, kill, kill, kill ritualistic slaughter
 cutting her veins, making to bleed
 slaying an innocent daughter
kill her to drink before it's too late slay, stab, impale and kill
 execute your deepest will
 slay, stab, impale and kill
kill, kill, kill, kill virgin blood spiller
 the most evil sinner
 virgin blood spiller
slayer by my own nature slay, stab, impale and kill
 execute your deepest will
 slay, stab, impale and kill
 kill, kill, kill, kill, kill!
