

# When The World Was Round

Ian Hunter

But the monsters won't leave them alone  
You win some, you lose some, you ain't got much choice  
But it's gotta be done, yeah it's gotta be done 'Cause everybody lies 'n' we're stuck in the middle  
I think I liked it better when the world was round  
There's too much information but not enough to go on  
I think I liked it better when the world was round  
I don't wanna put you off it  
I don't wanna put you off it  
But I think I liked it better when the world was round  
And I wish that I could change it  
Yes I wish that I could change it  
I think I liked it better when the world was round Is it my imagination When I look back thru the ages  
Is it my imagination You win some, you lose some  
You only got two shots, so you take one  
(what have you done) 'Cause everybody lies 'n' we're stuck in the middle  
I think I liked it better when the world was round  
There's too much information but not enough to go on  
I think I liked it better when the world was round  
And I don't think we deserve this  
No I don't think we deserve this  
I think I liked it better when the world was round  
Give me a reason to believe in  
Give me a reason to believe in  
I think I liked it better when the world was round  
Maybe we can make it better  
Maybe we can make it better  
I think I liked it better when the world was round
